zib means related through one's wife, thus

But perhaps the usage was not
- known to you, as the wife had to be Med. man's
sister. In Med. Soc., I, 48 I assumed that
his sister was married to Med. man

Perhaps they used it in a wider sense.

Mention $\frac{1}{2}$ of $\frac{1}{2}$ and $\frac{1}{2}$ clearly also your units
